SUMMARY

I am a tech enthusiast with a passion for expanding my knowledge in the ever-evolving field of technology. I am known for my adaptability and flexibility, consistently delivering high-quality work in every project I undertake. My bright personality and passion make me a valuable team player with a positive presence in any workplace.

EXPERIENCE

System Developer

█████████████████████████████████████ (Internship)
| Feb 2024 - May 2024

- Worked as a front-end programmer on a system project called 'Preventive Maintenance of ICT Equipment System'.
- It is a maintenance scheduler, repair log, and equipment tracker with real-time analytics, and report.
- Maintain and update the DA RO1 official website using WordPress.

Freelance Graphic Designer/ Artist

| 2018 - 2022

- Create visual content for various clients, including logos, marketing materials, and digital media, using design software for their school projects, companies, and establishments.
- Create art commissions like but not limited to trad. portraits, sketches, digital artworks, character illustrations, literary arts.

Graphic Designer and Web Developer

████████████████ (Part-time)
| Aug 2021 - Dec 2021

- As a Graphic Designer, I was responsible for creating appealing and effective pub mats and contents for a variety of media, that includes contents for our social media platforms.
- As a Web Developer, I was responsible for designing, coding, and maintaining our own website and develop websites for our clients.
- Create layout for E-Mail contents, verify customer emails, and send out 1000 emails a day.

Social Media Content Editor/Manager

███████
| 2018 - 2019

- Create daily posts, updates and contents ████████████ ███████████████ to increase engagements.
- Developed strategies with other editors to increase page followers and engagements.
